

RADIOLOGY TECHNOLOGIST

As an entity of the Confederated Tribes of the Goshute Reservation, we, at Sacred Circle Healthcare, preserve the Goshute heritage of protecting and caring for family and extend the tradition to all marginalized and underserved populations in our area. We refuse to let access, ethnicity, or socioeconomic status restrict someone from receiving complete healthcare.

Interested in joining our team? We are looking for people who are genuine, kind, ambitious, positive, and helpful - exceptional people building on a celebrated heritage who are passionate about delivering uncompromising care - people who make a difference every day no matter what their role or position. If you are looking for a job where the work you do impacts lives for the better every day, you are in the right place!

Sacred Circle Healthcare is seeking a **full-time Radiology Technologist** for our main Clinic in Salt Lake City, Utah.

Job Summary

- **Overview:** Obtains x-rays of patients through the process of radiographic imaging. These radiologic images are examined by the physician to create accurate treatment plans for the patients.
- **Reports to:** SLC Practice Manager
- **Department:** Front Office
- **Schedule:** To Be Determined with the availability of 7:45 am – 6:00 pm Monday through Friday.
- **Closing Date:** September 15, 2021, or open until filled.
- **Apply:** Visit our [website!](#)
- **Contact:** Kelsie Bolaño, 385-955-6539

The successful candidate:

- Ensures proper patient identification, order verification, and prepares patients for exams.
- Provide x-ray's when ordered by medical provider.
- Monitors patients during exams.
- Adjusts immobilization devices, moves equipment into specified position, adjusts equipment control to set exposure factors.
- Reports and documents important information to the physician.
- Quickly prioritizes tasks in a changing environment.
- Maintains a clean, neat, and safe environment for patients and staff. Ensures that supplies and equipment are stored in an organized and efficient manner.
- Maintains professional and technical knowledge by attending educational workshops; reviewing professional publications; participating in professional societies.
- Conserving compliance with the governmental protocols and ensuring the safety of patients and employees by using protective instruments and exercising safety measures.
- Documents patient care services by charting in patient and department records.
- Helps as an MA as needed.
- Overflow of MA responsibilities for podiatry.

Job Posting – Radiology Technologist -Full Time
